### Samples collection

As requested by MMTC, Kolkata samples have to be collected from each lot / container for each of the grades of redsander wood. Accordingly, samples are collected from the material taken up for grading at CWC, Panchpada, Kolkata. In this lot only C grade redsander wood is present; hence only one sample is collected. The details of the sample collected are as follows:

| Log No. | Grade | Measurements & weight before cutting samples |         |        | Measurements & weight after cutting samples |         |        | Sample weight |

## Samples collection

As requested by MMTC, Kolkata samples have to be collected from each lot / container for each of the grades of redsander wood. Accordingly, samples are collected from the material taken up for grading at CWC CFS, Kolkata (Container number:BLJU 205002 0). In this lot only B and C grades redsander wood is present; hence only two samples are collected. The details of the samples collected are as follows:

| Log No. | Grade | Measurements & weight before cutting samples |         |        | Measurements & weight after cutting samples |         |        | Sample weight |

## Samples collection

As requested by MMTC, Kolkata samples have to be collected from each lot / container for each of the grades of redsander wood. Accordingly, samples are collected from the material taken up for grading at Century ply (JJP) CFS, Kolkata (Container number: CRXU 302785 2). In this lot only B and C grades redsander wood is present; hence only two samples are collected. The details of the samples collected are as follows:

| Log No. | Grade | Measurements & weight before cutting samples |         |        | Measurements & weight after cutting samples |         |        | Sample weight |

## Samples collection

As requested by MMTC, Kolkata samples are to be collected from each lot / container for each of the grades of redsander wood. Accordingly, samples are collected from the material taken up for grading at NS Docks, Kolkata (Container number: TEXU 232215 5). In this lot all the three i.e., A, B and C grades redsander wood are present. The details of the samples collected are as follows:

| Log No. | Grade | Measurements & weight before cutting samples |         |        | Measurements & weight after cutting samples |         |        | Sample weight |

## Samples collection

As requested by MMTC, Kolkata samples are to be collected from each lot / container for each of the grades of redsander wood. Accordingly, samples are collected from the material taken up for grading at NS Docks, Kolkata (Container number: APZU 3666746). In this lot only B and C grades redsander wood are present. The details of the samples collected are as follows:

| Log No. | Grade | Measurements & weight before cutting samples |         |        | Measurements & weight after cutting samples |         |        | Sample weight |
